

# Flat Tadao

**Tadao Tomomatsu** is an actor, instructor, and science fiction personality living in the Los Angeles, California area and one of our beloved Toastmasters. Unfortunately Tadao can't join us right now but that does not stop from us sharing our love for him.

DemiCon 31 invites family and those young at heart to join in taking Flat Tadao on an adventure.

Color Flat Tadao and cut out along the dotted line. Take him on adventures in your house or on your exercise walks. Photos are a must and then share them on social media with all of DemiCon. Please keep photos G and PG. Thanks.
